

The FUNAI Classic at Walt Disney World Resort has a long tradition of entertaining junior golfers and their families throughout its 36 year history as a TOUR event.

This year was no exception as Brad Denton filled the bill for our junior clinic providing golf education and smiles to nearly 300 in attendance. Brad's ability to make the audience feel at ease with his keen wit and "everyday guy" charm was an instant hit.

We would recommend Brad and his bag of tricks to any golf outing looking to learn golf fundamentals while having a great time. He worked extremely well with our Professional staff planning and preparing for the exhibition ensuring each one of our objectives for the event was a priority in his routine.

Whether Brad is impersonating the simple wisdom of Forrest Gump or executing the completely amazing "10 foot club standing on stilts" shot, you and your guests are sure to come away talking about your favorite part of the performance.
