

Dear Dr. Singer:

We greatly appreciated your presentation and discussion at the recent Northridge Hospital Medical Center Medical Staff Retreat held at the Loews Coronado Bay Resort in San Diego.

Your presentation was exceptionally stimulating, humorous, and yet extremely educational for our audience. You were able to keep an excellent interchange going and you kept the attendees involved and attentive during the entire presentation!

We would highly recommend you as a speaker for events such as ours, and hope that in the future you will be making another presentation to our staff!

Thank you for helping to make our Retreat a success.

Sincerely,

Bob
